

How did the 1950s create the hippies of the 1960s?

- "The Rules" - too strict - makes ppl. want to rebel
 - Mass #'s - so many young ppl, it makes rebellion seem "normal"
 - the Birth Control Pill b/cms available in 1960 (technology)
 - technology (LSD) b/cms available
- ↳ means it's hard to stop
- Suburbs → pressure to be the same → makes ppl. want to be diff't
 - parenting → lived through Depression & War → wanted to give kids everything (spoiled) → had clear ideas of how they could have a good life
 - fear of cold war → question what's important
 - Kids believed could change the world b/c were used to being centre of the world
